Students will be introduced to or will continue to explore the potter's wheel in this class, learning the steps and patience needed to create forms and vessels. Handbuilding techniques will also be explored in this lengthy after-school session. Students will leave class with finished, glazed works of art. Be prepared to get messy with clay.

## Tuesday

### **K-2 Design & Create: Toys and Games | January 9-March 19 | 3-5pm | \$515**

Classic toys and games like the Slinky, Shoots & Ladders, and Jack-In-The-Box serve as inspiration for this class. Students will design and create their own toys and games by researching modern and historic examples and applying their knowledge and imagination to their works of art!

### **K-2 Printmaking: Stamps & Patterns | January 9-March 19 | 3-5pm | \$515**

Let your imagination run wild with the magic of printmaking. Draw, carve, paint, and print a variety of images. In this class, students will use traditional printmaking techniques like painted plexiglass, linoleum carving, and glue-relief printing to create their own masterpieces.

### **3-5 Design & Create: Sewing | January 9-March 19 | 3-5pm | \$515**

In this class, students will learn the art of sewing. Starting with the basics of the sewing machine, students will then create puppets, stuffed animals, and other small projects in this exciting and unique class. This class is best suited for the student who enjoys putting their design on paper and then seeing it come to life!

## Wednesday

### **K-2 Mixed Media: Artist Discovery | January 10-March 20 | 3-5pm | \$515**

Add some Art History to your students' creativity with Artist Discovery. Learn about the art of Pablo Picasso, Henri Matisse, Claes Oldenburg and so many more with weekly projects based on the artists' works. Who knows, your child may even have their own artistic discovery!

### **3-5 Digital: Stop-Motion Animation | January 10-March 20 | 3-5pm | \$515**

Do you like watching Isle of Dogs? Or The Nightmare Before Christmas? These two films were both made using stop-motion animation! Students will make their own storyline, script, set, and film over the course of the winter session. Students will learn specific techniques to create amazing films in drawing and in clay. Ready, set, action!

### **K-2 Ceramics: Handbuilding | January 10-March 20 | 3-5pm | \$515**

Starting with the basics and moving towards more advanced techniques, students will learn to use coils, slabs, and pinch techniques. Fun, creative lessons will guide your child to create a multitude of projects using recycled clay. Each project will be fired in the kiln and then glazed for a finished product.
